

The Nutrition Network is an education and learning platform, designed to present the most up-to-date and evidenced-based science and research available, in the field of low-carbohydrate, healthy high fat nutrition (LCHF). Founded by The Noakes Foundation, and in partnership with their extensive national and international network of doctors, scientists and researchers, the platform is aimed at medical and allied health care professionals across the globe, to inform and support their knowledge of the LCHF diet and its implementation into clinical practice.

**Online Training course:**

The Nutrition Network is very proud to announce the launch of its Online Training Course for medical and allied health care professionals:

**"LCHF/Ketogenic nutrition and treatment - the theory and the practice"**

The course is presented by national and international medical and allied health care experts in their field, on a range of topics related to LCHF nutrition and its implementation into clinical practice.

**Course content:**

The course is presented as a series of online, self-study, learning modules  
Each module includes:

- Topic outline & learning objectives
- Expert speaker presentation/lecture
- Case study, specific to specialty area
- Downloadable references for relevant journal articles and literature

**Who should do the course:**

The course has been developed specifically for:

- Medical doctors
- Registered nurses
- Dieticians
- Nutritionists
- Banting/Wellness/Mind Body coaches

**Enrolment:**

Registration for course enrolment can be done by sending an email to:  
[info@nutrition-network.org](mailto:info@nutrition-network.org)

We hope you are as excited as we are in taking part in this professional training opportunity and joining the LCHF global movement.
